SEYMOUR AND BLAIR WILL NOT WITHDRAW. The Democrats are busy themselves in trying to gull the people as to the withdrawal of our standard-bearers. The recent elections have given the disunionists some hope of electing their ticket, they are working up their advantage quite artfully, and would induce the belief that the Democracy are so panic-stricken as to commit the fatal mistake of changing their ticket at this late day in the canvass. But they are doomed to disappointment. The wish is father to the thought. They no doubt, would be delighted to see us make a change, for they would then consider their triumph assured. But we can tell them that we have followed our honored leaders through one of the most heated and most trying canvasses ever made in this country; we have seen them vilified and aspersed for the cause of Democracy, and have witnessed their proud bearing in the face of the enemy; and who dares to say that now, when a little cloud of adversity obscures our hitherto bright sky, we intend to desert our tried, our faithful, our deserving standard-bearers? The Democracy have no such intention. Not only that but we can tell the Democrats that we have not yet despaired of carrying Seymour and Blair to a triumphant victory. Like old Taylor at Buena Vista, the Democrats have only commenced to fight; and if the disunionists anticipate an easy victory, they are much mistaken. Democrats are not easily cast down by adversity, nor are they panic-stricken by a slight break in their line, for they contend for those principles which have animated their organization these seventy years, and which are surely destined to once more prevail in the councils of the country.

RADICAL MISREPRESENTATION.—At the Radical meeting at Knight's Landing on Monday night, one of the speakers is reported to have said he had been informed "that on a recent occasion at a seashore camp meeting in this county the editor of the YOLO COUNTY DEMOCRAT stated that if Grant and Colfax were elected he would feel it his religious duty to take up arms against the Government." As we have never entertained or expressed any sentiment of the kind, we cannot do otherwise than pronounce the foolish assertion unfounded and false, and assign it a place in the catalogue of numberless misrepresentations of the same kind which unscrupulous politicians find it necessary to employ for the purpose of bolstering up a bad cause. We have not the honor of a membership in the church which the gentleman attempted to stigmatize, nor do we make any pretensions to excellence in the practice of those christian virtues which we presume animate the speaker and his informant with love for mankind; yet we are charitable enough to suppose that the misrepresentation was not made with a wilful and malicious intention of personal injury, for no one who has any regard for veracity and the amenities and courtesies of life could give utterance recklessly to an assertion so utterly void of truth.

NOT POSTED.—The Amador Ledger pitches into one J. W. Ricks in the following style: An ex-temperance lecturer, ex-preacher, J. W. Ricks, foot-racer, bomber and vagrant, has made the "antierfied" jubilation by declaring for Seymour and Blair. Whew! What a noble accession and influential addition to Democracy! It is said that with a few more such converts, Democracy will consent to take bets on this State at two to one. They like such "straws"—whole ricks full of rye.

Now, the truth is, the said Ricks is "stumping" for Grant and Colfax, and no doubt other Republican speakers will duly appreciate his company after reading the Ledger's elucidation of Ricks' character.

GRANT'S "CRYSTAL HONESTY."—The Sacramento Union talks of Grant's "crystal honesty!" Now, when we call to mind his shameful treachery to the President in the Stanton matter, and recollect that he was convicted of falsehood by the united testimony of the Cabinet, Grant's "crystal honesty" becomes, as some fellow has said of the "Grecian Bend," "too exasperatingly ridiculous even for laughter."

ONLY ONE WEEK NOW remains of the campaign. Let every Democrat see to it that no moment of this week shall slip by unimproved.

Our Duty.

No Democrat in California should hesitate for a moment as to his duty in the present crisis. This duty consists in devoting himself heart and soul to the cause, until the going down of the sun on the 3d day of November. The Democrats, in view of their recent success in the East, hope to wrest the control of our State from us. They are foolish enough to believe that depression will weaken the efforts of some, and cause the defection of others. They forget that we defend for principles which we consider vital, and which, from the necessity of the case, inspire us with that enthusiasm which a temporary check cannot chill. This is the reason that Democrats are found to be enthusiastic under the most trying circumstances. Conscious of the value of their principles, the greater the danger that threatens those principles the more do Democrats become aroused, and with increasing ardor rally around their glorious banner. There is nothing really to discourage any man who is acting with us from principle. Seymour's defeat is by no means certain; but should he be beaten, the Democratic electoral vote will be far in excess of that cast for McClellan in 1864, and a corresponding increase will give us victory in 1872—a victory which will doubtless have something in it of permanence. The Democrats have triumphed in the recent elections by small majorities; but had they utterly overwhelmed us, the reason would be all the stronger for renewed exertion on our part. Because the people of the East bow down before the idol of Radicalism, is it any reason for Californians to prostitute themselves by such worship? Because they manifest a preference for military despotism, for centralization in government, for grinding taxation and for all the nameless horrors resulting from equalization of the races, should we so degrade our manhood as to take back what we so emphatically uttered last year? Because they "hawk at and tear" the Constitution, should we lend them assistance in their unholy work, or stand idly by and do nothing to save it? On the contrary, it is not all the more imperative for us to keep California beyond the reach of Radical defilement? They forced negro suffrage upon the South in order to perpetuate their power, and for the same reason they would have no hesitation in forcing Chinese suffrage upon us. In fact, this latter follows logically from the principles which they advocate, i. e., equality of the races. If the ballot is necessary to the protection of the negro, as they say it is, it must be equally necessary for the protection of the Chinese; and the Democrats, as we well know, are loud in their asseverations about the oppression to which the Chinese are subjected in our State. The principle, furthermore, has been established by the Radical party, that the General Government has power to control suffrage in the States—a principle utterly subversive of our form of government, and which will inevitably lead to a consolidated despotic system. If Congress can impose negro suffrage upon South Carolina, it can impose Chinese suffrage upon California. The Democrats care no more for the poor Asiatic than they do for the poor African; but as they used the latter as a ladder upon which to climb to power, so will they not hesitate to use the former in the same way. It will not do for people to "pooh, pooh" this, with the events of the past few years before them. Who would have dreamed of negro suffrage ten years ago, and yet we see, to-day, the second office of the State of Louisiana filled by an African. The imposition of Chinese suffrage upon California would be a mere bagatelle when compared with what we see has been done in eleven States of what was once our Union. It behooves us, then, to sign at the coming election, the death warrant of Radicalism in California. Every man who is acting with the Democracy should, if he is at all able to do so, neglect everything else during the coming week for the sake of the cause. The State is almost certain to go for us, but nothing should be left to chance; we must not incur a single risk. Last year we "scotched the snake;" this year we must kill it.

THE EARTHQUAKE.—The alarming shocks of earthquake which seem to have been felt with more or less severity in every part of the State on the morning of the 21st inst. are announced generally by the press as being more terrifying than any previous visitation of a similar character since the settlement of the country by Americans. In San Francisco a great part of the city suffered severely. Several persons were killed and many were wounded by falling chimneys, walls, awnings, etc. At Oakland, San Leandro, Alameda, San Lorenzo and Alameda much damage was sustained. The town of Hayward is in ruins. Many buildings were injured at Redwood City. At San Jose, Santa Clara, Gilroy, Santa Cruz, Centerville, San Rafael, Petaluma, Santa Rosa, Somerville, Martinez, Pucheco and many other places the shocks were very severe, in many instances buildings were thrown flat down, and the people greatly terrified, sought safety in flight from the ruins. But few lives are reported lost in the places above mentioned. The damage to property can only be estimated by millions.

MURDER.—John Mitchell, commander of the U. S. steamer "Saginaw," was assaulted and murdered on Stockton street in San Francisco, by three men, on last Wednesday evening. Two of the guilty parties have been arrested.

LOS ANGELES.—The rumor prevailed that the beautiful city of Los Angeles had been destroyed by the recent earthquake. Fortunately, the report is unfounded; no damage was done in that locality.

All is not Lost.

Let not our friends be disheartened by the news that has reached us from the Eastern States. True; we have not carried those States as we had hoped to do, but we came so near victory, as to lead us to hope that we may reach it in November. In Indiana we have been beaten by a paltry thousand on the State ticket, while we have elected Voorhees in the Sixth District, thus overcoming a majority of 2,500, and have rightfully carried the Fifth District, thus overcoming a majority of 6,228, for in order to elect Julian, the Democrats are compelled to cast out the vote of Richmond precinct. This is certainly a substantial success. In two districts, alone, in Indiana, have the glorious Democracy made a gain of nearly nine thousand. Surely, they will be able to overcome in November the one thousand majority that now stands against them.

In Pennsylvania, the Democrats concede a gain of two Congressmen, and we may reasonably hope that the official count will give us several more. In Philadelphia, four thousand five hundred of our naturalized voters were prohibited from voting; and if this disfranchisement was carried on as extensively in other large towns, the wonder is not that we were beaten by a few thousand votes, but that we were not defeated by a very large majority. Many of these cases will be passed upon by the Courts before the 3d of November, and the probability is that a large proportion of those votes which were rejected on the 13th, will be received on the day of the Presidential election. The Pennsylvania Democracy are of the kind that never gives up, and if victory is within the range of possibility, they will surely achieve it.

In Ohio, so far as we know at present, we have gained four Congressmen. Ashley, the celebrated impeacher, who, two years ago, was elected by 1700 majority, is assuredly defeated, and Vallandigham, at least accounts, claimed that he had beaten Schenk. The election of this irrepressible Democrat, and the defeat of Ashley is something that should gladden us all, and give us renewed courage for the conflict. Let us then by no means hastily conclude that Seymour is destined to be defeated. Ohio, we have no hope of carrying; but there is a strong probability that we may save Indiana, and a possibility of our recovering Pennsylvania. The Democrats in the East are resolved upon making a gigantic effort to break through the lines of the enemy, and will never give up until the last minute of the last hour of the day of election. Let our friends here rely upon this; let them not be deceived by the lying and bluster of the Democrats; but with compact, unbroken ranks, advance upon and scatter to the winds the California wing of the Black Republican disunionists.

THE MCGARRAHAN CLAIM.—The Union of yesterday, following the example of the black press generally in the Third District, made an attack upon Congressman Johnson for his connection with what is known as the McGarrahan bill. We do not pretend to be familiar with the merits or demerits of the bill in question; but we do know this, that the objections to it and the bitter attacks on Mr. Johnson come with exceeding bad grace from such sheets as the Sacramento Union. We know that the bill was referred to a radical committee in the House, and urged before them. We know that, after a protracted hearing, said bill was reported unfavorably by the Committee, and warmly advocated by Boutwell, of Massachusetts, and other leading radicals. We know, further, that it passed the radical House of Representatives by a very large majority, if not by a unanimous vote. Our recollection is that every member voted for it.

In the Senate, we are informed, the bill met bitter opposition from Senators Stewart, of Nevada, and Williams, of Oregon, who have been charged with being employed by the New Idria Quicksilver Mining Company to defeat the bill. At all events, it was reported against by a committee in the Senate and failed to pass that body. Now, we should like to know what proof the Union has of this being a fraudulent claim? The action of the Senate is set off by the action of the House. Are not the Radical members of the lower House as honest as the members of the other branch of Congress? Was not the House committee fully as well qualified to judge of its merits as the Senate committee? We hope the Union has not become so utterly lost to shame as to accuse its own Radical leaders of dishonesty and corruption; simply to make a point against Mr. Johnson, and to injure him in the present campaign.

We can tell our neighbor that he is putting himself to unnecessary trouble. The people of the Third Congressional District know James A. Johnson, and warmly advocate him as the Radical competitor, and they know which of the two is most likely to be in with speculators and land-grabbers. James A. Johnson has a reputation for honesty second to no man in the State. He has been tried, and found an able and efficient representative, faithful to the interests of the State, and true as steel to the cause of Democracy. His majority in November next will be largely in excess of what he received last year.—[Capital Reporter, Oct. 23.]

KEEP IN GOOD HUMOR.—It is not great calamities that embitter existence; it is the petty vexations and small jealousies, the little disappointments, the minor miseries, that make the heart heavy and the temper sour. Don't let them. Anger is a waste of vitality; it is always foolish, and always disgraceful, except in some very rare cases, when it is kindled by seeing wrong done to another, and even then noble rage seldom mends the matter.

DESERVED.—The City Hall of San Francisco was so badly injured by the earthquake that its fall is hourly expected.

GRAIN.—In the San Francisco market wheat was quoted yesterday at \$1.80 to \$1.90. Barley \$2 to \$2.20.

TOWN AND COUNTY MATTERS.

EARTHQUAKE.—The heaviest earthquake shock ever experienced in this part of the country was felt here about 8 o'clock A. M. on Wednesday last. There were two distinct shocks. The first being the hardest and lasting several seconds. Buildings were swayed to and fro and great oak trees were agitated by the unseen power as if they had been shaken by a mighty storm. In some instances plastering was broken and the creaking of timbers and commotion of furniture, wares and merchandise created considerable alarm. At the Court House the county officers and those in attendance at court were panic stricken and all rushed in hot haste into the court yard. Stores and dwellings were deserted by their occupants in a twinkling, and many groups of pale faces and dizzy heads were seen gathered together on the streets, their terror-stricken owners seemingly engaged in attempting to solve the portentous question, "What next?" Political topics were for the time being forgotten and more serious thoughts in their stead seemed to possess the minds of the disturbed community. Of course, as is the case in all similar frights, many amusing incidents occurred; but the apprehension felt for the safety of other cities and towns believed to have been more exposed to the violence of the shock than our own, rendered the mysterious visitation too serious a matter for the indulgence of jesting. The news from other parts of the State stricken by the terrible disaster has proven that such apprehensions were not groundless, and a deep sympathy is now felt for those who, less fortunate than ourselves, have suffered so terribly.

DIED IN THE HOSPITAL.—In the early part of last week a young man, emaciated and helpless, in the last stage of consumption, was brought to the County Hospital for treatment. Sensible of his condition, he expressed a willingness to die, and although separated from his friends, prepared his mind calmly to await the event. Everything was done to alleviate his suffering and render him comfortable. He lingered three days when death closed the scene, and, in accordance with Christian influences, those in charge gave the stranger a decent burial. Dressed in appropriate apparel, and placed in a neat coffin, his remains were gently lowered into the grave in the cemetery where the rich and poor alike take the same long rest from their labors and cares. The deceased, whose name was James N. Martin, was twenty-two years of age, and a native of Indiana.

MANY YEARS AGO the writer of this notice and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids, who were, like ourselves, seeking health, and upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and determined to make it the basis of a Tonic and Restorative Medicine. The result of his labors was a glorious success for himself and suffering humanity, for the celebrated Plantation Bitters was thus made known to the world, being an article of real merit founded on new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine.

IN WORKING ORDER.—The wires of the Telegraph Company were extended to this place and arranged in complete working order on Monday last. The great advantages of this method of communication seems to be duly appreciated by the business community who have heretofore been obliged to content themselves with other uncertain and less speedy arrangements for the transmission of news. We are informed by Fleischman & Kaufman, at whose establishment the office is located, that no less than twenty-one messages were sent over the line from Woodland on the day the connection was first established.

RUNAWAY.—A runaway occurred in the eastern portion of town on Tuesday, which might have resulted seriously had it not been for the courage and presence of mind of a heroic youth who stopped the career of the frightened team. The boy, about nine years of age, was left in the wagon by his father, who carelessly threw down the reins and went away, not dreaming of danger. In his absence the team became frightened and started to run, and the boy climbed down on the wheelbarrow, gathered up the lines, got safely back into the wagon and finally succeeded in preventing a catastrophe.

DEMOCRATIC MEETING.—One of the largest and most enthusiastic meetings of the campaign in this county, was held in front of Baker's Hotel, on Wednesday evening. The meeting was addressed by Gen. M. Whallon, J. D. Hamilton and W. C. Brown. Many ladies were present, and good order and good feeling prevailed. The speakers were repeatedly cheered, the Woodland Brass Band contributed much to the enjoyment of the evening, and the old gun shook the town with Democratic thunder.

FLAG PRESENTATION.—A large and beautiful flag was presented by the citizens to the Woodland Democratic Club on Wednesday evening. A large crowd of ladies and gentlemen were present. The presentation speech was made by District Attorney B. B. Judge M. A. Woods responded in behalf of the Club. The speech, abounding in eloquence and patriotism, was greeted with demonstrations of applause, and all seemed highly pleased with the incident.

PATRIOTIC.—On the occasion of a recent Democratic meeting at Buckeye, the Democratic ladies of that precinct claimed the privilege of contributing a share from the proceeds of the sale of produce, for the purpose of paying for Democratic music by the Band. Mrs. Sims and other ladies were enthusiastic in their project, and quite a fund was raised among their number in a few minutes. If the rising generation of Buckeye are not unanimously Democratic it will be no fault of their patriotic mothers.

GEN. W. T. WALLACE.—The Democracy of Yolo will have an opportunity in a few days to hear Gen. Wallace discuss the political issues of the day. His fame as an able and effective speaker will insure a large and appreciative audience. He will address the citizens of Yolo at this place on Wednesday evening, Oct. 28th.

DEATH OF AN OLD CITIZEN.—Abram Barnes, one of the oldest residents of this place, died at his residence near this place on Thursday last. He leaves a large circle of relatives and friends.

GRAPES.—E. Giddings sent to our office yesterday some magnificent bunches of grapes grown in his vineyard. He has tons of them left.

REAL ESTATE.—The earthquake has had no effect on the sale of real estate. C. S. Frost continues to do a good business in that line.

VALUABLE LOTS.—Dr. Ray offers for sale some valuable town lots. See advertisement.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SYRUP. A few doses given in time will SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

ELECTRO SILICON.—This curious and valuable substance is confidently claimed to be the first article ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

YOLO COUNTY DEMOCRAT.

National Democratic Platform.

The Democratic party in National Convention assembled, reposing its trust in the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled for all time by the war, or the voluntary action of the Southern States in Constitutional Conventions assembled, and never to be resuscitated, do, with the return of peace, demand:

First—The immediate restoration of all States to their rights in the Union under the Constitution of civil government and the American people.

Second—Amnesty for all past political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the public debt of the United States as rapidly as practicable, all money drawn from the people by taxation, except so much as is requisite for the necessities of the Government economically administered, being honestly applied to such payment, and when the obligations of the Government do not expressly state upon their face or the law under which they were issued does not provide that they shall be paid in coin, they ought in right and in justice to be paid in the lawful money of the United States.

Fourth—Equal taxation of every species of property, according to value, including Government bonds and other public securities.

Fifth—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth—Economy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy; simplification of the system, and discontinuance of inquisitorial modes of assessing, and collecting internal revenue; that the burden of taxation be equalized and lessened; the credit of the country made good; all enactments for the enrolling of the State militia into national forces in time of peace, and a tariff for revenue upon foreign imports; and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures as well, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh—Reform of abuses in the administration; the expulsion of corrupt men from office; the abrogation of useless offices, the restoration of rightful authority to the independence of the Executive and Judicial Departments of the Government; the subordination of military to the civil power, to the end that the usurpation of Congress and despotism of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights, and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign powers to punish them for alleged crime committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparalleled opposition and tyranny which have worked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge under which was rallied that noble volunteer army which carried our flag to victory. Instead of restoring the Union it has so far as it is in its power dissolved it and subjected ten States, in time of profound peace, to military despotism and negro suffrage. It has nullified the right of trial by jury; it has abolished the habeas corpus, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret Star Chamber inquisitions for constitutional tribunals. It has disregarded in time of peace the right of the people to be free from search and seizures. It has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters, without any specification or notice of affidavit, as required by the organic law. It has converted the American Capitol into a battle. It has established a system of spies and official espionage to which no constitutional monarchy of Europe would now dare resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. It has corrupted and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and any attempt by Congress, on any pretext whatever, to deprive any State of this right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of Government, and can only end in a single centralized, consolidated government, in which the separate existence of the States will be absorbed, and an unequalled despotism be established in place of a Federal Union of co-equal States, and that we regard the reconstruction acts of Congress as usurpations, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must be ever gratefully remembered, and all the

guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely among the people and should be disposed of either under the pre-emption of homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, exercising the power of his office in restricting the aggression of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeal to every patriot, including all the conservative elements, and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship, and hail all such as friends and brothers.

THE NEW

WEED

SEWING MACHINE!

Just completed, in SOLID STEEL MACHINERY, and combining in ONE the good of ALL!

This most enterprising Company has certainly brought out

THE BEST SEWING MACHINE EVER MADE!

And indeed is the ONLY NEW Sewing Machine, of any name, manufactured for the last eight years. Even a superficial observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

EASE OF MOTION AND MANAGEMENT.

It has few pieces, and all of steel. It makes the complete "Lock Stitch," the same on both sides, which will not unravel. Every Machine is warranted to sew from

Thinnest Lace, to Double Harness Leather; and of course can never be got out of order by "hard sewing." All repairs free of charge. Prices same as others.

PLEASE NOTICE.

The claims of the Florence Company for the First Premium at the great Paris Exposition of 1867, though seeming true in letter, is really false in spirit and intent, and calculated greatly to deceive the public. Although it did receive the Silver Medal—that being the highest award given—it was not awarded the FIRST RANK! This was awarded the WEED Sewing Machine, and to the WEED only, as being "first in the order of merit." The second place was given to an European Machine, and only the third to the Florence! But the claim of the Wheeler & Wilson Company, at this Fair, is a great outrage, as it well known—their Gold Medal upon their "Button-hole Machine," but nothing at all on their "Family Machine;" not even a bronze medal, nor indeed (what is worse) even a "honorable mention." (See official report.) See also, as to the new WEED Sewing Machine, the returns of the State Fairs of Pennsylvania, Illinois, New Hampshire and New York, for 1867, at each of which the NEW WEED "F. F." Sewing Machine was pronounced the BEST, and received the highest premium given. And so also at other Fairs, and indeed wherever the Company shall choose to exhibit the "strong points" of this really magnificent Machine.

HELMBOLD'S BUCHU.

The only Known Remedy

FOR—

Diabetes, Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

Physicians and Others

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubeb and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded. A Diuretic is that which acts upon the Kidneys. Helmbold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

"Buchu. Its odor is strong, diffusive and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its excretion. It has also been recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic, of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelphia.

Mr. H. T. HELMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicine agent would be indicated. You are aware, as well as myself, that the various diseases of the bladder and kidneys, and the reputation it has acquired, in my judgment, is warranted by the facts. I have used and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction, tincture fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. "Eighteen years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality I give your precedence over all others. I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietary compound of whatever name. Respectfully yours, etc., GEO. H. KEYSER, M. D., 140 Wood st., Pittsburg, Pa., August 11, 1865.

HELMBOLD'S FLUID EXTRACT BUCHU.

FROM THE LARGEST MANUFACTURING CHEMIST

IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupies the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. WM. WEIGHTMAN, (Birn of Powers & Weightman), Manufacturing chemist, Ninth and Brown streets, Philadelphia.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are genuine preparations, and knowing that the intelligent refrain from using anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare Pharmaceutical preparations. These parties resort to various means of effecting sales, such as copying parts of advertisements of popular remedies and finishing with certificates. The science of medicine stands simple, pure and majestic, having fact for its basis, induction for its pillar, truth alone for its capital.

A Word of Caution.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.
